

## 2 NEW LOCATIONS TO SERVE OUR CLIENTS

# New Office Location

10300 SW Greenburg Road, Suite 470, Portland, Oregon 97223

**WEST Consultants, Inc.** is pleased to announce the appointment of Christopher Goodell as Office Manager and Senior Engineer at our new Portland Oregon office. Mr. Goodell has an international reputation as an expert in hydraulic modeling, including dam breach, flood inundation studies, and sediment transport. WEST is expanding operations to better serve our clients.

**Christopher Goodell, PE, D.WRE**  
Senior Engineer, Portland Office

**WEST Consultants, Inc.** is pleased to announce the appointment of Dr. David C. Curtis as Vice President at our newest location in Northern California. We are expanding operations in northern California to better serve our clients in California and the nation. We continue to seek clients who make us dig deep, who challenge us to innovate, and force us to use every ounce of our talent. We are adding inspiring people and working on thought-provoking projects with exciting clients.

Dr. Curtis brings a unique blend of business and technical expertise to WEST. For the past 34 years, he has implemented leading edge flood risk management services, including advanced flood warning technologies and innovative applications for radar rainfall estimation. At the same time, he has been instrumental in developing new markets for emerging technologies. Join us in welcoming Dr. Curtis to WEST Consultants.
